AeroSaver™
AERODYNAMIC TRAILER SIDE SKIRTS

Specifications

part no.	wt. (lbs.)	ht. (in.)	length (ft.)	trailer application	supports per kit	skirts per kit	color
034-02533	188.00	29.00"	24.80'	53.00'	12	1 (2 sides)	white

Grey is also available.

Part number represents a bulk kit, which is enough to install the AeroSaver™ Trailer Side Skirt panel on both sides of the trailer. Bulk kit consists of skirting, supports and hardware; support hardware is e-coated.

- Extruded flexible plastic designed to bend over obstacles.
- UV impregnated – will not fade or crack due to sunlight.
- Performs well in all temperatures.
- Each panel is replaceable independently.
- Brackets are easily replaced if damaged.
- Can be mounted in straight or angled orientations.
- Hardware is E-coated for maximum corrosion resistance.
- Installs with no holes to the frame of the trailer.

Please Call for Pricing!

Side Skirt Comparison	AeroSaver™	Other Side Skirts
One person installation	✓ YES	NO
Made from recycled material	✓ YES	NO
Brackets hold panel in place while being installed	✓ YES	NO
Breaks down into three equal lengths for economical shipment/storage	✓ YES	NO
Angled or side rail installation without additional hardware	✓ YES	NO

Saves Money

The aerodynamic and lightweight AeroSaver™ reduces fuel consumption by up to 7%.

Saves Inventory

AeroSaver™ is the only trailer side skirt that gives the option of mounting in either straight or angled orientations with the same hardware.

Saves Space

Ships and stores in 3 equal lengths!

Saves Manpower

Easier installation! Can be completed by just one person in less time that it takes to install other brands of trailer side skirts with 2 people.

Saves The Planet

The lightweight AeroSaver™ is made from recycled products.
